Central Intelligence Agency  
Washington, D. C.

Gentlemen:

I write abstracts of the Soviet geological literature for the U. S. Geological Survey and the American Geophysical Institute. It would be a great convenience to me if I could obtain a private copy of the NIS Gazetteer of the USSR which is available from your agency. The book is available to me in Washington, but it would be a convenience if I could have my private copy here.

My thanks for your assistance.

Sincerely,

25X1A5a1
